

Easy Access with UHCSR's Mobile App

At UnitedHealthcare **StudentResources**, we understand you live in a digital world and want easy access to information right on your smartphone. While our mobile website (my.uhcsr.com) has been available for quite some time, the free **StudentResources** Mobile App is even more convenient.

As someone insured by UHCSR, when you use our app you have access to our most popular self-service features like:

- Viewing and sharing your ID card. You can even email or fax your ID card to your provider. (Covered dependents are also included.)
- Viewing claims received within the prior 60 days for both the primary insured and covered dependents. Details include the provider, date of service, status, claim amount, and amount paid.
- Searching for a provider. Plus with the app, you can easily give them a call.
- Setting up and accessing your custom **My Account** page.

Download the free UHCSR Mobile App.

To download your UnitedHealthcare **StudentResources** Mobile App, scan the appropriate QR code below (or click it if you're viewing this online).
